Thank you for your support and share the joy of CREW with your friends and encourage them to support CREW by using the donation form on page 4.

## Trustee's Profile: Steve Walker

"Like Lewis, Longman & Walker, the CREW Trust "sees things differently" regarding important public policy issues. CREW's unique ability to bring together people from diverse interest groups to accomplish educational and stewardship goals is a great example of what can be accomplished when reasonable people take the time to listen and appreciate differing points of view. Our firm has successfully taken this approach with the clients we have served in Collier and Lee Counties, and we are pleased to give back to those communities as a part of the CREW team." says Steve Walker.

Steve has been a CREW Trust board member since 2002. His law practice focuses primarily on water resources, environmental and administrative law, and he has over 38 years of experience in environmental and water-related issues in Florida.

Steve presently serves as special environmental counsel to the Seminole Tribe of Florida to advise and advocate for the Tribe on various state and federal regulatory matters. He previously served as General Counsel for South Florida Water Management District where he was involved in developing the District's regulatory programs and initial strategies for Everglades restoration, as well as the development and adoption of the Surface Water Management Permitting Program and Water Shortage Plan.

Steve is AV-Rated by Martindale-Hubbell, is listed as one of the *Best Lawyers in America in Environmental Law*, a *Florida Super Lawyer*, a *2013 South Florida Legal Guide Top Lawyer in Environmental Law*, and in *The International Who's Who of Environment Lawyers*. He earned his B.S. from Pennsylvania State University and his Juris Doctor from the University of Florida, College of Law.

The CREW Trust is grateful for all his years of dedicated service to our organization and we are proud to have Steve on our Board.
